Workshop

- European Class – the Concept and the classes - Pernilla
- Organizing a European Class:
 - How to prepare for mobility
 - How to conduct the European Class (mobility)
 - How to recognize the European Class learning experience
- The EUCVET Game - ECVET & Europass Mobility - Pernilla

European Class – Using ECVET

- **Memorandum of understanding – agreement to identify & describe:** involved organizations; unit of learning outcomes (LOs) for the mobility; quality criteria of the European Class; roles & responsibilities
- **Learning agreement – document to identify:** student; host & receiving organizations; unit of LOs; assessment scheme; responsibilities of each party...
- **Units of learning outcomes** – training content for the mobility. Learning outcomes defined in terms of: knowledge, skills, and competences
- **Assessment** – arrangement for the theoretical & practical assessment evaluating the student's achieved learning outcomes.
- **Recognition process** – arrangement for the transfer & recognition of the achieved LOs. LOs are accumulated & recognized as part of the national VET (in the transcript of record). All students receive a Europass Mobility. Units are referenced to NQF/(EQF).

European Class – in Welding

- Vocational training based on the EUCVET unit of learning outcomes in welding (NQF 4 in Sweden & Finland - EQF 4)
- Training carried out as a 3-week school based transnational mobility
- Work processes & LOs in line with industries'/companies' skills needs & the *International welder certificate*
- Units of LOs in line with national VET qualifications
- Pedagogical approach – theoretical & practical preparation for the International welder certification. Swedish students working together with the Finnish students preparing for the same certification.
- Formative assessment scheme in line with the International welder certification
- All European Class students receive a Europass Mobility to recognize their achieved learning outcomes

Organizing a European Class (Linda & Nils-Erik)

Experiences & advice:

- Preparing for mobility
- Conducting the European Class (mobility)
- Recognizing the European Class learning experience

The EUCVET Game – introducing ECVET & Europass Mobility

- **The aim of the game:**
 - To introduce the ECVET terminology
 - To introduce the European Class concept
 - To introduce the Europass Mobility document
 - To improve people's EU knowhow
- **The story of the game**
- **The rules of the game**
- **Let's start playing the game!**

Take part of the European Class experience!
